5 Ways to Celebrate on a River Cruise

Do you have a big milestone coming up that you're looking to celebrate? Why not celebrate on a river cruise? River cruises are a great way to see multiple cities in one trip without exerting too much energy moving from hotel to hotel or city to city. From the plains of Africa to the vineyards of France, there are first-class river cruise options across the world with AmaWaterways awaiting your embarkation.

Celebrate Your Honeymoon

A typical honeymoon runs around 7 days to 2 weeks, which is the perfect amount of time to spend on a river cruise seeing some of the most iconic sights around the world. People tend to go to a resort for their honeymoon to sit back, relax, and not have to do too much. This is where a river cruise comes in for those couples who prefer cities filled with history and culture to laying on a beach. But you also get the best of both worlds, you can be as active as you like or as relaxed as you like.

Celebrate Your Anniversary

As we get older it tends to be a bit more difficult to get around but that shouldn't stop big celebrations like a 20th (or bigger) wedding anniversary. For those couples who still have a lot of travel left in them, but aren't into the hassle of planes, trains, and automobiles to get around, simply step on board a river cruise, unpack only once, and toast every day from a new destination to the many decades of marriage ahead.

Family Reunion

Checking your DNA to learn about your ancestry has become such a big phenomenon around the world.

What better way to go explore the land of your ancestors than by a family reunion on a river cruise? Does your family hail from Germany?

Take a cruise down the Rhine River and visit a variety of German towns and cities. If you've found more Eastern European ancestry, cruise down the Danube River with stops in Budapest and Prague just to name a few.

Or maybe... may your ancestors came from Africa, Asia, or Colombia, there are incredible itineraries in those regions waiting for you and providing the perfect opportunity to connect with your heritage and learn more about where you came from.

High School Graduation

Ah, to be 18 and eager to see the world! Show off how proud you are and treat your graduate to a river cruise opening their eyes to history, culture, and adventure.

Step out of your comfort zone with a cruise down the Mekong River in Asia to explore Siem Reap, Cambodia, and Vietnam. Or experience the secrets of Egypt with a cruise down the Nile. If you have multiple graduates in your family, street, or friend circle, why not create a big group of proud families and friends and head off together on a grand adventure.

Celebrate a Milestone Birthday

Planning and coordinating a birthday party can be stressful and if you're the official party planner, it's unlikely that you'll relax long enough to enjoy a party.

Why not call your friends and say, "Hey, I'm turning 40, 50, 60, or 70 and we're taking an AmaWaterways cruise through the Douro Valley in Portugal. I'd love for you to come." Voila! Once onboard, you and your friends can sit back and relax while you enjoy first-class service, 5-star meals, and great wine, and the award-winning river cruise itineraries by AmaWaterways.

Whether you're "old" or young, a thrill-seeker hiking to a castle, or someone sitting on the deck sipping wine and enjoying the view, there is a river cruise for you.

All that's left to decide is which celebration is next on the calendar and who would you like to travel with? We'd love to match you with the best river and itinerary for your group. Don't be surprised if some unexpected lovely things happen to you onboard (wink).
